

Date:

Name:

Address:

Date of Birth:

To whom it may concern:

I, _____, (Family Member) have reviewed _____'s
(Individual) medications and how to administer them with _____ (Independent
Provider). They have proved they understand how to administer the medications and I,
_____, (Family Member) feel comfortable with them administering the following
medications.

Below is a list of medications the above provider will administer through family delegation rule 5123.47
(Authorizing in-home worker to perform health care tasks.) _____

What supports will the provider be providing when administering medications: _____

This authorization will remain effective until: _____ or until
medications change (dosage, addition/discontinuation, route, etc.)

Signature of Family: _____ Date: _____

Signature of Provider: _____ Date: _____

5123.47 Authorizing in-home worker to perform health care tasks.

(A) As used in this section:

(1) "In-home care" means the supportive services provided within the home of an individual with a developmental disability who receives funding for the services through a county board of developmental disabilities, including any recipient of residential services funded as home and community-based services, family support services provided under section [5126.11](#) of the Revised Code, or supported living provided in accordance with sections [5126.41](#) to [5126.47](#) of the Revised Code. "In-home care" includes care that is provided outside an individual's home in places incidental to the home, and while traveling to places incidental to the home, except that "in-home care" does not include care provided in the facilities of a county board of developmental disabilities or care provided in schools.

(2) "Parent" means either parent of a child, including an adoptive parent but not a foster parent.

(3) "Unlicensed in-home care worker" means an individual who provides in-home care but is not a health care professional.

(4) "Family member" means a parent, sibling, spouse, son, daughter, grandparent, aunt, uncle, cousin, or guardian of the individual with a developmental disability if the individual with a developmental disability lives with the person and is dependent on the person to the extent that, if the supports were withdrawn, another living arrangement would have to be found.

(5) "Health care professional" means any of the following:

(a) A dentist who holds a valid license issued under Chapter 4715. of the Revised Code;

(b) A registered or licensed practical nurse who holds a valid license issued under Chapter 4723. of the Revised Code;

(c) An optometrist who holds a valid license issued under Chapter 4725. of the Revised Code;

(d) A pharmacist who holds a valid license issued under Chapter 4729. of the Revised Code;

(e) A person who holds a valid license or certificate issued under Chapter 4731. of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited brand of medicine;

(f) A physician assistant who holds a valid license issued under Chapter 4730. of the Revised Code;

(g) An occupational therapist or occupational therapy assistant or a physical therapist or physical therapist assistant who holds a valid license issued under Chapter 4755. of the Revised Code;

(h) A respiratory care professional who holds a valid license issued under Chapter 4761. of the Revised Code.

(6) "Health care task" means a task that is prescribed, ordered, delegated, or otherwise directed by a health care professional acting within the scope of the professional's practice. "Health care

task" includes the administration of oral and topical prescribed medications; administration of nutrition and medications through gastrostomy and jejunostomy tubes that are stable and labeled; administration of oxygen and metered dose inhaled medications; administration of insulin through subcutaneous injections, inhalation, and insulin pumps; and administration of prescribed medications for the treatment of metabolic glycemic disorders through subcutaneous injections.

(B) Except as provided in division (E) of this section, a family member of an individual with a developmental disability may authorize an unlicensed in-home care worker to perform health care tasks as part of the in-home care the worker provides to the individual, if all of the following apply:

- (1) The family member is the primary supervisor of the care.
- (2) The unlicensed in-home care worker has been selected by the family member or the individual receiving care and is under the direct supervision of the family member.
- (3) The unlicensed in-home care worker is providing the care through an employment or other arrangement entered into directly with the family member and is not otherwise employed by or under contract with a person or government entity to provide services to individuals with developmental disabilities.
- (4) The health care task is completed in accordance with standard, written instructions.
- (5) Performance of the health care task requires no judgment based on specialized health care knowledge or expertise.
- (6) The outcome of the health care task is reasonably predictable.
- (7) Performance of the health care task requires no complex observation of the individual receiving the care.
- (8) Improper performance of the health care task will result in only minimal complications that are not life-threatening.

(C) A family member shall obtain a prescription, if applicable, and written instructions from a health care professional for the care to be provided to the individual. The family member shall authorize the unlicensed in-home care worker to provide the care by preparing a written document granting the authority. The family member shall provide the unlicensed in-home care worker with appropriate training and written instructions in accordance with the instructions obtained from the health care professional. The family member or a health care professional shall be available to communicate with the unlicensed in-home care worker either in person or by telecommunication while the in-home care worker performs a health care task.

(D) A family member who authorizes an unlicensed in-home care worker to administer oral and topical prescribed medications or perform other health care tasks retains full responsibility for the health and safety of the individual receiving the care and for ensuring that the worker provides the care appropriately and safely. No entity that funds or monitors the provision of in-home care may be held liable for the results of the care provided under this section by an unlicensed in-home care worker, including such entities as the county board of developmental disabilities and the department of developmental disabilities.

An unlicensed in-home care worker who is authorized under this section by a family member to provide care to an individual may not be held liable for any injury caused in providing the care, unless the worker provides the care in a manner that is not in accordance with the training and instructions received or the worker acts in a manner that constitutes willful or wanton misconduct.

(E) A county board of developmental disabilities may evaluate the authority granted by a family member under this section to an unlicensed in-home care worker at any time it considers necessary and shall evaluate the authority on receipt of a complaint. If the board determines that a family member has acted in a manner that is inappropriate for the health and safety of the individual receiving the care, the authorization granted by the family member to an unlicensed in-home care worker is void, and the family member may not authorize other unlicensed in-home care workers to provide the care. In making such a determination, the board shall use appropriately licensed health care professionals and shall provide the family member an opportunity to file a complaint under section [5126.06](#) of the Revised Code.
