CPR/First Aid Certification: If you already have the training and a copy of your current first aid CPR card you can use it. If you don't have access to your card, you can get the training anywhere but the class must have an in-person skills check. It's can't be 100% online. It also needs to cover all ages from infants to adults. Muskingum County Board of DD offers initial and renewal First Aid and CPR training that meets DODD certification standards.

RN Melanie Arnold is available for in-person skills check here at the county board.

If you fill out the google form (linked below) to register for the skills check, there is a direct link inside the form that leads to the correct American Heart Association class that you need to take online.

*Pay for the online class on the American Heart Association website (\$23). Pay for the skills check by writing a check to Muskingum Co Board of DD (\$35)
